## **Cherished Places - making the most of your local landscape designation**

**Battleby Conference Centre, Thursday 31 August 2017**

**Who is it for?**

Local Authority staff working in development planning and development management, landscape and archaeology advisers, consultants undertaking designation reviews, and NGOs with an interest in Local Landscape Areas.

**What is it about?**

SNH and HES consulted on Local Landscape Areas draft guidance in early 2017 and will publish revised guidance this summer. Building on a decade's experience, the new guidance will refresh the role of Local Landscape Areas in the planning system and promote their contribution towards a number of government objectives.

This event will present the new SNH/HES guidance on Local Landscape Areas and explore the opportunities to make more of these important and locally valued assets, illustrated by the work of local authorities and landscape partnerships.

**What will you gain from attending?**

Participants will gain an understanding of local landscape designations and the approach to identifying and reviewing them, and of the potential to promote their management and maximise their benefits. There will be opportunities to share experiences and learn from each other.

**Content:**

Presentations, case studies and discussion groups to share ideas and promote networking.

**Times:** The event will start at 10.00 (coffee and registration from 09.30) and finish by 1600.
